Milahn Martin

Honours Student

Seeking an internship or entry-level position in the field of web development. I am currently doing my Honours degree in BSc IT (Software Engineering), I have developed a strong foundation in technical skills and project collaboration. I am eager to leverage my academic training and passion for technology to gain real-world experience and contribute to a company in the industry. I possess strong problem-solving abilities, a meticulous attention to detail, and an unwavering commitment to continuously learning and growing in my field.
